I submit the following comment on the draft you sent me for review:

This draft assigns outside the Clandestine Service certain functions which demand special secrecy within the CS; e.g., in sub-paragraphs (b)(1) and (b)(3). I view this assignment with some trepidation as one of the several recent steps in the direction of making a clandestine service less clandestine and more of a piece with the overt CIA. Although I have no specific amendments to suggest, I believe the details of the CS-Historical Staff relationship merit further study.
